

Dog Bed Sizing Guide

Our crate bedding is specifically designed to fit the majority of dog crates made by Midwest, Precision, Four Paws and others. Our dog crate beds are available in the 6 most popular crate sizes.

Our Size Guide is as follows: (XS) 18", (S) 24", (M) 30", (L) 36", (XL) 42" & (XXL) 48". This measurement is the length of the crate, which is the longest side. There are no standard sizes for dog crates; the width and height of crates vary in every collection from every manufacturer. But our unique pattern accommodates the small variances in size, so you don't have to worry whether your Cratewear will fit.

To determine the correct Cratewear size for your dog crate bed, all you need to do is simply measure the length of the crate from front to back and refer to our size guide. *It's that easy!*

Please Note: The X-Small crates vary from 18-22" in length. Our X-Small Cratewear was made to fit the 18" crate, which is more proportionate. It will fit a 22" crate, but the cover and pad will be slightly short. We do not suggest sizing up to a Small 24" Cratewear set, which would be too big overall.

Size / Weight	Recommended Sizes	Examples of Breeds
 1-10 lbs	X-Small 18"L x 13"W	Most Cats, Yorkies, Chihuahuas, Pomeranians, Maltese, Papillons
